

## Caribbean Regional Training Workshop on Innovation and Implementation of National Adaptation Plans (NAPs)

24-26 April 2019

Montego Bay, Jamaica

The objective of the workshop is to **strengthen the technical capacity of national technicians** to accelerate in the implementation of their National Adaptation Plan Processes and to promote innovative responses to adaptation.

This will be done through:

- Increasing country capacity to implement country-driven NAP processes;
- Fostering approaches and tools to address adaptation through technological, institutional and governance-based innovative solutions;
- Strengthening regional cooperation by promoting exchange of experiences and good practices around the implementation of the countries NAPs.

The workshop is aimed at **government representatives** of 14 countries of the Caribbean region, including decision makers and high-level technical specialist housed within the Ministries of Environment Finance and planning and other relevant Ministries. The participating countries include Antigua and Barbuda, Bahamas, Barbados, Belize, Dominica, Grenada, Guyana, Haiti, Jamaica, Saint Kitts and Nevis, Saint Lucia, Saint Vincent and the Grenadines, Suriname, Trinidad y Tobago.

The Regional Caribbean Training Workshop will take place in the Sea Garden Beach Resort Montego Bay, Jamaica from the 24-26 April 2019.
