

CARIBBEAN NAP TRAINING WORKSHOP

31st May – 2nd June, 2017

Georgetown, Guyana

*Empowered lives.
Resilient nations.*

Workshop objectives and desired output

1. To increase countries capacity to formulate and implement a NAP process in-country, as a means to accelerate adaptation planning and implementation
2. To take stock of what countries are doing on NAPs and exchange lessons learnt and experiences
3. To increase understanding on prioritised technical issues around the formulation and implementation of NAPs

Desired output: A Caribbean NAP Community of Practice

Day 1

Stocktake and lessons learned

Wednesday 31st May

Session 1

- Introduction to development and implementation of **National Adaptation Plans (NAPs)** – presentations

Session 2

- **Process of developing NAPs: a stocktake**
- Learning about on-going NAP processes in the region
- Presentations and group work

Session 3

- **NAPs in the Caribbean: lessons learned**
- What are some of the adaptation planning successes and challenges in the Caribbean region? What are the opportunities going forward?
- Group discussion

Day 2

Technical aspects of developing and implementing NAPs; support programmes

Thursday 1st June

Session 4

- **Financing NAPs**
- Identifying different sources of financing for developing and implementing NAPs
- Presentations

Session 5

- **Sectoral approaches to NAPs**
- Increase understanding on how sectors can be integrated in NAPs
- Panel discussion

Session 6

- **Technical aspects of elaborating NAPs: integrating gender**
- Strengthening capacities in integrating gender when developing and implementing NAPs
- Presentation and group discussion

Day 2

Technical aspects of developing and implementing NAPs; support programmes

Thursday 1st June

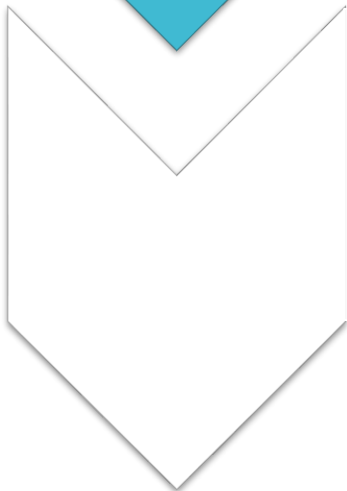

Session 7

- **Technical aspects of elaborating NAPs: prioritizing adaptation options and cost-benefit analysis**
- Strengthening capacities in prioritization of adaptation options using CBA
- Presentation and practical exercise

Session 8

- **Support Programmes for NAPs**
- Identifying different support programmes for developing and implementing NAPs
- Panel discussion

Day 3

Caribbean
NAPs
Community of
Practice

Friday 2nd June

Session 9

- **Caribbean NAPs Community of Practice**
- Learn about the initiative and receive inputs from participants
- Presentation and group work

Workshop format

- Presentations
- Panel discussions
- Group work
- Group discussion
- Practical exercises

Suggestions for workshop ground rules

- Arrive on time
- Keep presentations and interventions on time
- Keep phones on silent
- Limit checking e-mails to a minimum during sessions
- Share your views, respect each other and listen to everyone's contributions

DAY 1:

Adaptation planning in the
Caribbean: a stocktake
and lessons learned

Session 1

Introduction to development and implementation of NAPs

9- 10 a.m.

Objective: Provide a recap on the NAPs process and introduce the NAP Technical Guidelines

- Presentations by Paul Desanker, UNFCCC and Angela Lentisco, UN Environment
- Group exercise

Group exercise

1. Write down your name, country/organisation and a hobby/interest on the name tag
2. Get up, walk around and find people with similar hobbies/interests. Form groups.
3. Reflect on: what do you understand by adaptation planning?
4. In groups: write down on coloured cards your joint understanding of adaptation planning (1 idea per card)
5. Pin your card onto the wall

Session 2. Process of developing NAPs: a stocktake

10.30 a.m.-12.30 p.m.

- **Objective:** Learn about on-going NAP processes in the region
- Presentations by Angela Lentisco, UN Environment and Lloyd Pascal, Dominica
- Group work
- Presentation by Ruth Spencer, Antigua and Barbuda

Lunch

Group work: Country level NAP processes

11:15 a.m. – 12.10 p.m.

Please sit in country groups and reflect on the following questions steps of a NAP process:

- 1. Preparatory processes:** incl. VIAs, climate scenarios etc.
- 2. Institutional arrangements**
- 3. Legal frameworks, policies and planning at national level:** incl. Climate Change Laws; National Development Plans that integrate adaptation; national and sectoral adaptation plan and policies etc.
- 4. Adaptation priorities:** sectors, regions, programmes and how these were prioritised
- 5. Implementation at local and national level**
- 6. Financing adaptation:** national budgeting, external and national funds etc.
- 7. M&E**

Summarise your answers on paper or electronically

Session 3. NAPs in the Caribbean: lessons learned

1.45 – 4 pm.

- Carousel format
- Split into 3 groups, each with a specific color of pens
- Groups rotate from one table to the next, spending:
 - 20 min at the first table
 - 15 min at the second and third table
 - After each rotation, the facilitator introduces where the last group got to, and the next group builds on this work.
 - Feedback to plenary at the end

Session 3.

NAPs in the Caribbean: lessons learned

1.45 – 4 pm.

Questions to answer:

1. What are some of the adaptation planning successes in the Caribbean Asia-Pacific?
2. What are some of the challenges?
3. What are some of the opportunities?

DAY 2:

Technical aspects of developing
and implementing NAPs;
support programmes

Thursday, 1st June

Day 2

Technical aspects of developing and implementing NAPs; support programmes

Thursday 1st June

Session 4

- **Financing NAPs**
- Identifying different sources of financing for developing and implementing NAPs
- Presentations

Session 5

- **Sectoral approaches to NAPs**
- Increase understanding on how sectors can be integrated in NAPs
- Panel discussion

Session 6

- **Technical aspects of elaborating NAPs: integrating gender**
- Strengthening capacities in integrating gender when developing and implementing NAPs
- Presentation and group discussion

Day 2

Technical aspects of developing and implementing NAPs; support programmes

Thursday 1st June

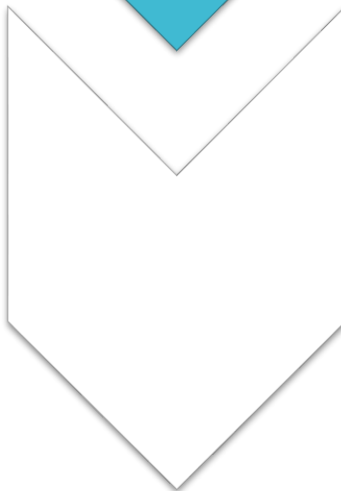

Session 7

- **Technical aspects of elaborating NAPs: prioritizing adaptation options and cost-benefit analysis**
- Strengthening capacities in prioritization of adaptation options using CBA
- Presentation and group work

Session 8

- **Support Programmes for NAPs**
- Identifying different support programmes for developing and implementing NAPs
- Panel discussion

Session 4.

Financing NAPs

09.00 a.m. – 10.00 a.m.

- **Objective:** Identifying different sources of financing for developing and implementing NAPs
- Presentations by ??? UN Environment and Jessica Jacob, Green Climate Fund
- Country experiences of Barbados and Belize

Session 5.

NAPs and sectoral integration

10.15 a.m. -11.15 a.m.

- **Objective:** Increase understanding on how sectors can be integrated into national adaptation

- **Panel discussion**

- **Water:** Melissa Colquhoun, Jamaica
- **Health:** Steve Daniels, Barbados
- **Disaster Risk Reduction:** Chubillal Ramsarup, Guyana
- **Urban:** Marcus Mayr, UN-Habitat

Session 6.

Technical aspects of elaborating NAPs: Integrating gender

11.15a.m. – 12.30 p.m.

- **Objective:** Strengthening capacities in technical aspects of elaborating NAPs: gender
- Presentation by Angela Lentisco, UN Environment
- Group exercise and discussion

Session 7.

Technical aspects of elaborating NAPs: Prioritising adaptation options and cost-benefit analysis

1.30 p.m. – 3 p.m.

- **Objective:** Strengthening capacities in technical aspects of elaborating NAPs: cost-benefit analysis
- Presentation, Jose Alberto Lara, consultant
- Group exercise

Session 8.

Support programmes for NAPs

3.15 p.m. – 4 p.m.

- **Objective:** Identifying different support programmes for developing and implementing NAPs

- **Panel discussion**

- Sebastian Rodriguez, UN Environment and CTCN
- Yoki Ebisawa, J-CCCP and UNDP
- Mark Bynoe, CCCCC
- Martina Duncan, FAO
- Adrianus Vlugman, WHO/PAHO

Dia 3.

Community of Practice for NAPs and next steps

Friday, 2nd June

Session 9.

Caribbean NAPs Community of Practice

9.30 a.m. – 11.30 a.m.

- **Objective:** Learn about the initiative and receive inputs and ideas for content from participants
- Presentations by ??? UN Environment and Lili Ilieva, Practical Action
- Group work

Session 9.

Caribbean NAPs Community of Practice

09.45 a.m. – 10.15 a.m.

- **What could be some of the priority topics for a Caribbean NAPs Community of Practice?**
- Small group discussion: 20min
- Write your answers on colour cards and pin them on the wall
- Discussion (after break)
